Dear Mr. Baughman:

Please find enclosed a memo from EG&G to DOE/RFO dated October 5, 1992. The memo and its attachments are the answers to the questions contained in your September 21, 1992 letter to Frazer Lockhart, regarding explosive gas monitoring at the Rocky Flats present landfill (Operable Unit No. 7, IHSS 114). As the enclosed illustrates, the integrity of the landfill was not compromised and the geologic data obtained will support the RFI/RI Work Plan.

If you have any additional questions as it pertains to the OU-7 investigation, please call Robert H. Birk of my staff at 966-5921. Questions pertaining to waste management issues should be directed to John Schneider at 966-5924.

Sincerely,

*Frazer Lockhart*
